Professional Experience

Cognitive Leap Solutions Inc. Animation and Illustration Consultant | February 2022-Present

- Created 2D Vector Assets for educational animated content
- Collaborated with my team lead to troubleshoot possible issues within the pipeline
- Workshopped solutions with Unity team to create assets for educational app games
- Animated shots using vector rigs in After Effects

NewScope Studios Inc After Effects Puppet Animator | February 2021-December 2021

- Animated 2D assets in Adobe After Effects while working to ensure timely production
- Collaborated with colleagues virtually to complete any needed illustrations and resolve design issues
- Designed characters for upcoming in-house projects
- Taught my team how to create and animate with 2D puppet rigs in Adobe Animate

Copernicus Studios Contract 2D Builds Artist | May 2020-August 2020

- Created 2D props for the show *Curious George*, as assigned by my Builds Supervisor
- Devised creative solutions to troubleshoot problems that arose with builds
- Reviewed storyboards for props that needed to be built or adjusted past props to fit production needs

SmashBits Animation Studio Character Designer and Lead Builds Artist | March 2020-June 2020

- Worked closely with my art director to develop the look and feel of the characters
- Oversaw the creation of builds as the lead builder and ensured the builders followed all designs
- Edited designs as needed to keep characters consistent with the style of the production
- Ensured the high quality and overall style of the show as outlined by my executive producer

DDLocks Studio Character Designer | September 2017 - Present

- Produced a variety of characters, expression sheets, and cleaned character line ups for clients
 - Tutor students of all ages in the basics of animation, character design, and Flash character building
 - Captured the personality of my client's characters from written briefs and provided reference images
 - Lead Character Designer for the indie film *Limelight* creating characters, character turnarounds
 - Giving feedback and draw overs of the designs of those on my team
 - Clients include Hero4Hire Creatives, Low Brow Studios, and In Touch Ministries
-
